Our first Kids Market Day will be September 9th. It is a wonderful opportunity for our students to experience being producers and consumers in a market setting. Students can set up their tables to sell baked goods, crafts, jams, or services like face painting, and so on. The more booths we have, the more fun we have on Market Day! If you choose to sit this one out, make sure to still visit it and support those brave kids who are trying it. Everything will cost less than \$5, so tell your kids to bring their savings to spend at the market.

P.E. News

Mrs. Holly, our P.E. Director has some exciting news to share!! Starting on **September 16th**, our friend Ms. Michele Jones, from Fast Twitch Sports, will be leading our P.E. activities once a month, working on circuit training and nutrition. Ms. Michele specializes in Kids' fitness and will be volunteering her time to work with our kids at ANCHOR. If you have never joined, this will be a great time to come! We can't wait to try it out!

P.E. dates this month: September 16th, 23rd and 30th.

Kids Market will take place on September 9th right after co-op, so NO P.E. that day.

Co-Op News

Co-Op classes are off to a great start! Lots of smiles as our kids learn, play, make friends and enjoy their time in a group setting.

Did you know?

Co-Op usually hosts a Closing Program at the end of each semester to celebrate and share what the kids learned. So, it is useful to save some of your students' work for each class to be displayed at the Program. If your class can perform something on stage that relates to what they learn, start practicing early. We love to see our kids on stage!
